~~Expamet~~ Concrete

The method applied in the present paper is by comparing a maximum fresh concrete pressure on formwork over 3.00 meters high with various rate of placing. A study was conducted by

Online Library

Ciria Report 108

estimating the maximum fresh concrete pressure on formwork using CIRIA "Concrete pressure on formwork" [6, 7], DIN 18218 [3, 4, 5] and NE 012-2/2010 [1].
