Ng  
has compiled 22  
chapters on  
density in the  
urban setting,  
divided into  
four sections,  
which explore  
both the  
technical and  
non-technical  
aspects of  
planning for  
high density;

File Type PDF

# File Type PDF Designing High Density Cities For Social And Environmental Sustainability

Light and air are basic human needs. In high-density cities, the provision of light and air can be difficult. Ng argues that there is a need for a complete rethink when designing high-density cities.
