Information Dashboard Design: Displaying Data for At-a ...

A very common mistake in designing the dashboard is presenting all information as if it is equally important. Use the size and position of content widgets to show the hierarchy of data. Make it clear to the viewer what 's most important by defining information levels. Display more important information on the top left.

Information Dashboard Design | Guide books

The fundamental principles and best practices of good dashboard design apply when creating dashboards using any modern dashboard development technology. The emphasis is on creating highly functional information dashboards and not on creating visually impressive or highly interactive (but often less useful) information displays.
