*"Mechanics of Flight"*  
by Warren F. Phillips

Having run across  
several books by several  
authors concerning the  
topic of flight  
mechanics and aircraft  
performance, Philips  
"Mechanics of Flight" is  
one of the best. Not only  
does Philips present

things logically and systematically, he also has a gift for explaining why things are the way they are- something severely lacking in other literature.
