The Predator from Nighthawk Custom is a redesigned single-action defensive 1911 with a unique barrel design that sets it apart from other custom handmade 1911s. Instead of a typical bushing or bull barrel, the Predator's barrel flares at the muzzle end to add weight for faster follow-up shots. The slide is precisely machined shorter so that the Predator maintains the same dimensions as a ...

Nighthawk Custom's Predator - RECOIL Magazine

Nighthawk Customs Predator Recoil Magazine The Predator from Nighthawk Custom is a redesigned single-action defensive 1911 with a unique barrel design that sets it apart from other custom handmade 1911s. Instead of a typical bushing or bull barrel, the Predator's barrel flares at the muzzle end to add weight for faster follow-up shots.

Nighthawk Customs Predator Recoil Magazine

The Predator family is designed to minimize felt recoil. These pistols have a full-length guide rod and a coned (wafered), match grade barrel that helps control muzzle flip. With the Predator barrel system, the recoil that you do feel is low and the shot recovery time is much faster than any traditional 1911 with a bushing barrel.

Nighthawk Customs Predator Recoil Magazine The Predator family is designed to minimize felt recoil. These pistols have a

Nighthawk Customs Predator Recoil Magazine

Pistol Review: Nighthawk Custom's Predator II w/ Bobtail A standard when it comes to shooting compact firearms is a higher recoil. However, with Nighthawk's Predator II, that is not the case. Sporting a full-length guide rod and a coned match grade barrel, recoil is easily manageable under the shooters control.

Pistol Review: Nighthawk Custom's Predator II w/ Bobtail

Normally with compactness comes more recoil, but the Predator II has a full-length guide rod and a coned (wafered) match grade barrel that helps control that recoil. With the Predator barrel system, the felt recoil is less and shot recovery time is much faster than any traditional sized commander with a bushing barrel. The CCC(Contoured Carry Cut) improves the ease of carry. One Gun, One ...

Predator II | Nighthawk Custom

The Predator is designed to reduce recoil and improve accuracy by eliminating the barrel bushing and installing a full-length guide rod and a coned (wafered) match grade barrel.

Nighthawk Custom 1911 Predator .45 ACP 5" 4047

Nighthawk Custom CEO, Mark Stone, told me. "We do a lot of custom work, Springfields and Colts and such. Bob Reeves, who heads our custom department, and is an American Pistolsmiths Guild member, noted we were seeing a lot of Colts coming in. We started doing the smoked nitride finish, and everyone loves historical Colts, so we decided to do our own. We buy the basic Colts through a ...

The Predator series shares the specifications of Nighthawk ...

Nighthawk Predator II .45 ACP Pistol | Flat Rate Shipping ...

When Nighthawk set out to build the lowest recoiling 1911, they chose the Predator pistol with its five-inch coned, match barrel and full-length guide rod. Next, they added a thinned down and checkered stainless steel frame, a flattened mainspring housing and completed the package with a wide but tasteful magwell.
