Keep Your Notes Simple: Don ' t write

down irrelevant information that has

nothing to do with the patient ' s health.

Nursing notes are supposed to be designed

to to be read quickly. That way the next shift

# Get Free Nursing Notes The Easy Way 100 Common

will be caught up on the patient. Always Write Down All Communication: Write down everything important about the patient ' s health. Every single discussion you had with the families, doctors, and other medical professionals need to be documented in your nursing notes.

You can also ~~handwrite~~ notes, and to do that I highly recommend the Cornell method. In the Cornell method, you draw a line down the left side of your page to create about a 2.5 inch margin on the left. You ' ll write your notes on the larger section along the right, and then use the area on the left for labeling the specific topics.
