In the world of insurance, there are 7 basic insurance principles and practice must be fulfilled. It's consists of insurable interest, utmost good faith, proximate cause, indemnity, subrogation, contribution, and loss minimization. Insurance in this modern era has become one of the needs, especially for the middle class and high class in social strata.

Insurance principles and practice. 7 principles of insurance

This chapter reviews basic principles that provide a foundation for the insurance industry. They range from the concept of risk, to the idea that individuals and businesses can minimize losses by transferring and sharing risks, to the application of the law of large numbers. Various principles also determine why some risks of loss are insurable whereas others are not.
